

**NHMRC CRE in Recovery Following Road Traffic Injuries**

**WHIPLASH 2019**  
**EXPANDING HORIZONS**

Thursday 3<sup>rd</sup> October, 2019

ViewPoint, The University of Queensland

This symposium will focus on where we have come from and where we are going with the management of Whiplash Associated Disorders. Findings from the first four years of operation of the NHMRC Centre of Research Excellence in Recovery Following Road Traffic Injuries will be presented. Focussed themes will include: system related factors, progress in clinical management and biopsychosocial underpinnings.
